

# ATTENTION TEACHERS!

Want to provide your students with exciting watershed and water quality lessons?

*Attend:*

## Project W.E.T.

### (Water Education for Teachers) Workshop

April 16<sup>th</sup> and 23<sup>rd</sup>

Darrell C Swope Middle School

901 Keele Drive, Reno

Project WET (Water Education for Teachers) is a collection of innovative, water related K-12 activities that are hands-on, easy to use and fun! This workshop will provide educators with the necessary tools, resources and lessons to teach students about water resources and water use that is so pertinent to Nevada's future.

*Like swift water, an active mind never stagnates. -Unknown*

#### **Learn:**

What are the watershed & water quality issues of the Truckee River?

What are wetlands and are we going to miss them?

How important are wetlands for maintaining water quality?

What the Project WET Curriculum and Activity Guide can provide?

What are some hands-on activities that teachers can do with students?

The comparison of water quality at a wetlands compared to a wastewater treatment plant

Come explore the magic of water and help teach your students (our future leaders) about Earth's most precious resource—water.

#### Workshop Highlights:

Project WET *Curriculum and Activity Guide*

Curriculum for wetlands

Enhance your teaching skills

Interactive workshop
